Newsletter No. 157 (27/02/16)

Hi Everybody,

FIRSTLY ... Society Meeting is on NEXT Thursday 3rd March, 2016.

1st floor 'Club on East' (previously Sutherland United Services Club - SUS Club) opp. the car park - western side of Sutherland Station. 7pm start on 1st floor. There is a well-lit car park at the rear of the club. Just drive up to the boom gate on the ground floor, tell them you're there for the Photographic meeting, and they will open it for you. Then just go to reception and tell them you are there for the Photographic meeting - *They will sign you in ...*

Those thinking of joining our Photographic Society ...

This is a call to anybody who has thought of coming to a Photographic Society Meeting in the past, and just have not got around to it yet. Why not come and see what we are about, and maybe look to joining in on one of our activities in the future. This is the best way to get to know people in the Society, and get some photography tips and experience ... This will allow you to enjoy your hobby even more ...

It's the best way to get motivated, and start enjoying the great Sydney outdoors – camera in hand, with us.

Greg's Thoughts ...

Hope everybody is well and ready to enjoy their photography in 2016 with like-minded friends in our Photographic Society.

What a great year we shared in 2015, with so many activities to photograph, and images to create together, allowing us to tune our skills, and enjoy our hobby we love so much. It is nice, in such a competitive world, to enjoy our passion without the necessity to compete. Thanks for your support in the past, and look forward to enjoying a creative and motivating year with you in 2016.

I always seem to have so many big ideas, and often that 24 hour clock seems to spoil those opportunities ...

Anybody yet found how to get even 36 hours out of 24 ... PLEASE let me know if you have ... ?

But, let's face it, we did do some amazing things in 2015, including our four trips to Africa, and the two High Country trips, which have given us memories to cherish for a long time to come.

The planned road trips to Echuca and the Grampians, WILL be going ahead this year, with now 46 interested in participating in the 2 trips planned (*more later in this Newsletter*).

Unfortunately, I should have looked into Lord Howe Island a bit more before offering it as a possible trip away for the Society in August/September 2016. In researching it further, it became obvious that it was not realistic. Here is some reasons for putting off till February/March 2018 ...

1. Most of the island is closed June, July, August – Rain, cold currents and 50% of the days are overcast.
2. September is the low season because of the same reasons above.
3. October/November good but no chance to book in a group in 2016, as there is not enough rooms available (already have heavy bookings).
4. Except for the low season, all the rest of the year is similarly priced no matter when you go. The exception is December and over Xmas school holidays, where costs blow out.
5. February/March seems to be the best time for us to go – after the holiday period, with more stable weather and warm currents.
6. Another factor in putting it off this year is the costs. It is an expensive place to visit, and people will need to start putting money aside for it. For example Flights – Qantas Link return are \$1,200 p.p. (no alternatives), and accommodation is expensive too. Since my initial inquiries, I have managed to find accommodation ½ the price of what I had (which is good). Makes it feasible for trip/trips in Feb/March 2018).
7. Why not 2017 ... ? Well as you know, we are looking to go back to Africa, to Kenya and the big migration period in August/September 2017, again ... need time to save ... !
More about this later ...

I have been in touch with my niece who works in a travel agency, and who arranged flights for some of those that went to Africa in 2015. I have got her looking at good value locations for a photographic group to visit between August and November, 2016, outside Australia ... like Tonga etc. ... Let's see what she comes up with.

SUGGESTIONS ...

Any suggestions appreciated. Not too far, as we are looking for up to say 7-10 days (*Syd-Syd*) including 2 weekends. This way people only need to take one week off work!

I will have a clipboard at the meeting that suggested destinations can be noted.

I will then see what deals my niece can find, then get the details out to you ... So August/November trip is still on the cards.

Hey, don't wait till the meeting, send me an email and tell me about places you have been to, or have heard about.

more soon ...

Generally, in relation to Society trips away each year. Last year and in the future, I will be planning Australian road trips, as well as trips overseas. This allows people without extra disposable income in certain years, to still be able to go on a local trip away with the Society each year. The trips generally will be Friday – the following Sunday (10 days) to allow for those still working, to only need to take a week off work. I am aware of some people needing to give a fair bit of notice to their employers, and will try to organise trips in the future with a bit more notice, especially those that will require a bit of saving.

Request for Road Kill Photos ... What!

Anybody that has been on the Society Annual Trips away in the past 3 or 4 years, or those of you attending meeting's, would have seen some fun images of David laying on various roads, and under trucks posing as road kill. On the High Country Trip #1 in 2015, David mentioned that he doesn't have any of these images himself, so let's add some to the USB you hand in at the next meeting, so he has some to chuckle about ...

Thanks for being such a good sport with what has become a tradition David ...

I asked about this before, but did not get much response ...

MARCH MEETING PRESENTATION

Tony (store manager of Digi Direct at Miranda) and Patrick (Pat) who used to be at Miranda at the old DiGi Direct store, are coming to the meeting to discuss their store, their stock, and what help and advice they can offer to the Members of the Photographic Society. I'm sure this will be of interest to anybody attending ...

MOMENTS in TIME

Starting up again at the March meeting, I will be selecting one image from 20 or so Society members, that have submitted images to the 'Moments in Time' section of the Society meeting.

These images have been selected by these Members, as special to them, and allow them to show off their efforts in photography to other members, that are NOT related necessarily to Society activities like Tasks, Outings, or Trips Away (*but not excluding these*).

You are welcome to hand in a USB at the meeting with up to 20 images to me any time during the year. You can do so at any time during the year.

On the USB, please put the images in a folder called: **'Moments in Time'**

Look forward to seeing some of your special 'MOMENTS IN TIME' ...

14 & 23 Day African Safaris in July

Re-name IMAGES you hand-in

When you hand in a USB with your images, if you can, could you please change the file name to include YOUR NAME and TASK or OUTING NAME, thank you ... I like to do this so we know who the photographer is for each image.

Example: Greg Ford VIVID 2015

How do you rename Folders & Images ...?

How to organise your files to hand in at Society meeting for TASKS & OUTINGS

How to CREATE a NEW FOLDER on your Desktop and name it

- On your DESKTOP (your computer start up screen) right click (drop down menu will appear)

- New Folder will appear on desktop with the name 'NEW FOLDER' highlighted
- Without clicking anywhere, start typing your NAME and name of Task or Outing (Greg Ford VIVID 2015),
- Then click ENTER on keyboard)
- This will rename the new folder on your desktop

How to ADD your images to that folder to hand-in

- Open folder where your images are located/stored (some of which you want to hand in)
- While holding down CTRL on keyboard, left click image/s you want to hand in for the TASK or OUTING
- While resting mouse pointer over last highlighted image, right click
- Drop down menu appears – Slide mouse pointer down to COPY and left click
- You can close this folder now (the one you are copying the images from ...)
- Double left click the folder you just created on the desktop (eg. Greg Ford VIVID 2015)
- When folder opens, right click in centre of folder window, and left click and select PASTE
- Your images are now copied into this folder

How to RENAME those images

- While holding down CTRL on keyboard, left click images you want to rename
- These images will be highlighted
- Go back to **first** thumbnail you highlighted & right click it (dropdown box appears)
- Left click on RENAME (2nd from bottom). Filename under 1st thumbnail now turns darker blue
- Type your new filename: as you did with the Folder Name: Greg Ford VIVID 2015 and hit ENTER
- The selected files will now be renamed

NEXT OUTING - Sunday 20th March

2016 Trips Away

2015 was a great year for trips away with four trips to Africa with 63 people going on this bucket list adventure, as well as two trips to the NSW & Victorian High Country where 32 people shared the experience of seeing Australia's scenic High Country first hand.

Wow, that means 95 Society members enjoyed trips away with Society friends in 2015. Thank you for your participation ...

Well, 2016 is bringing 6 (possibly 7) Photographic travel opportunities to Society members.

1. Local Weekend trip away to the Jervis Bay area (Fri 29th April, Sat 30th & Sun 31st April)

We will drive down at 7.30am on the Friday morning, returning around 4.30 pm on the Sunday.

The accommodation will be in the Jervis Bay/Huskisson area. We will not be hiring a bus, rather car-pooling, and those catching a lift with somebody could pay for the fuel. Hopefully 3 in a vehicle.

I'm sure that it will be a nice social weekend away, fossicking taking sunsets, sunrises, nature, then out to a restaurant for a couple of enjoyable meals ...

Obviously, we will look at availability, and twin share or single accommodation requests.

There might be some that will go for 2 days (Sat/Sun) and if you wish to do that, that's fine.

I will put out a Clipboard for people interested at the 3rd March Society Meeting, so have a think, look at the dates, so that you can decide within 2 or 3 days after the meeting, if you want to go.

7. November Trip Overseas (close destination) in the planning

Unfortunately, Lord Howe Island has been scrapped for this year. The planned trip was August/September but the weather at that time is not real good, then waiting to end October, November, too many bookings in already. Groups would not stand a chance – Little availability. Also ... it's expensive to get there, and to stay. Flights alone are \$1,200 p.p. (return). I have found cheaper accommodation to what I had, and a better time of year to go would be just after Xmas school holidays – Better weather, warm currents etc. Still expensive, but I am looking to leave it to early February, 2018 as we have Africa Migration Safari in 2017 \$\$\$\$\$. So now I guess we have to start saving ...

Trip Ideas please ... I will have a clipboard at the meeting to allow YOU to tell me where you might like to travel to with a Society group – Overseas, but not too far, and not too expensive. Tonga maybe ...

Look forward to your suggestions ...
