## 'Southern Africa Safari 2020'

### Zimbabwe – Botswana – Namibia – South Africa

Let 2020 be the year you indulge in a 24-day safari from the thunderous and iconic Victoria Falls to cosmopolitan Cape Town. Four countries each offering unique experiences that will be forever etched in your mind and your heart. Zimbabwe, famous for its spectacular Victoria Falls with a sheet of water that plunges 108 meters, spraying mist that can be seen from 20 km's away.

Botswana, a sparsely populated country, dominated by the Kalahari Desert and also offers one of the largest wildlife safari experiences in Africa. Savour sunset's cruising on the Okavango Delta, a vast wetland or Game Drives through the Chobe National Park.

Travel through Namibia, with its extraordinary desert scenery, vast open landscapes that truly capture your heart and unique opportunities to witness authentic tribes people and their villages. The vastness of Namibia and embarking on a safari via road, entails driving distances that are at times long in between towns but the highlights of spectacular surroundings, a ghost town, stark desert colours, and surreal landscapes make this a remarkable and worthy trip.

South Africa is a country like no other and Cape Town is a city not to be missed with a myriad of iconic attractions and locations such as Robben Island, Table Mountain, Signal Hill, Bo Kaap, Bloubergstrand, Camps Bay, Red City Bus Tour, Simons Town, Township Tours, Cape of Good Hope and the V&A Waterfront, the tourist hub of Cape Town are but a few of the jewels that are to be experienced in this cosmopolitan city.

## Uganda Gorilla Trekking 2020

Come and meet humans closest relatives in their natural habitat

25<sup>th</sup> July – 1<sup>st</sup> August (8 days)

### **'Uganda Gorilla Trekking 2020'**

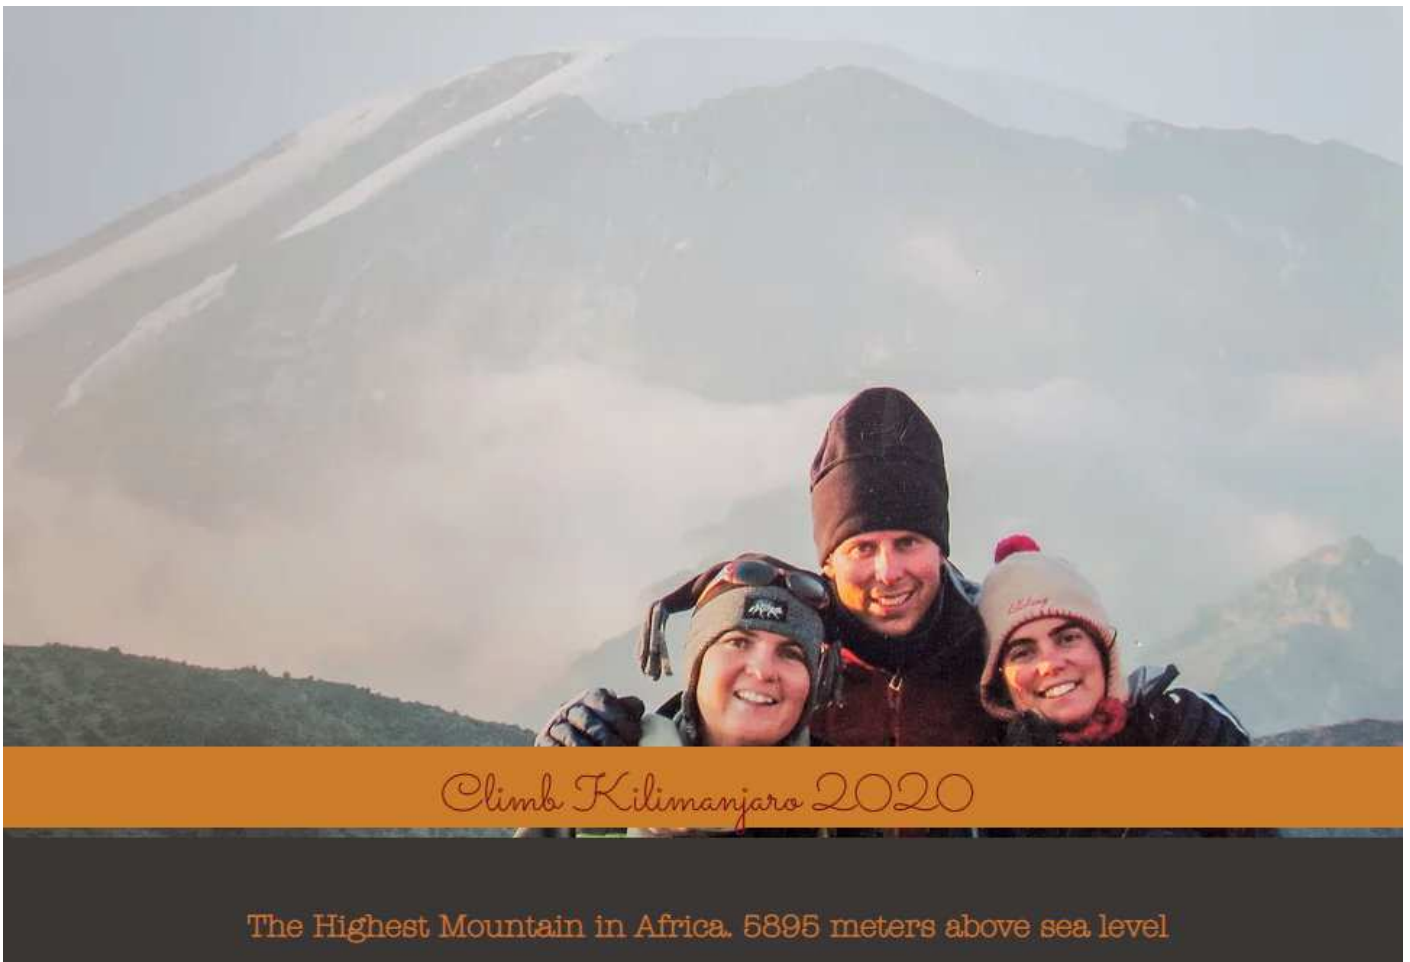

Uganda: "The Pearl of Africa", offers a unique diversity of wildlife, natural beauty, and friendly inhabitants that all combine to make this country one of Africa's hidden gems. This tour includes the obvious attractions of trekking in indigenous forests to see wild gorillas and chimpanzees, as well as exploring vast water-ways, mystical villages hidden in mist, and the lesser known sights of Tree Climbing Lions, huge pods of hippopotamus, and of course, the endless variety of plains animals.

## **‘Climb Kilimanjaro 2020’**

Kilimanjaro is known as “Everyman’s Everest” because it is a challenge that is completely doable by laymen. If you asked around, you would probably find that you have a few friends, or friends of friends, who are not the most outdoorsy people yet have successfully stood on Uhuru Peak.

Mount Kilimanjaro does not require any technical skills. It is what is known as a “walk up” mountain because, well, you just walk up it. There is no need for mountaineering equipment like harnesses, ice axes or ropes because there is no danger of falling off a cliff or into a crevasse. Furthermore, there are no parts of the trail where one has to be particularly talented in rock climbing.

## The Great Migration 2020

An annual movement of over a million wildebeest, zebra and other antelope

1 – 11<sup>th</sup> August (11 days)

### 'Great Migration 2020'

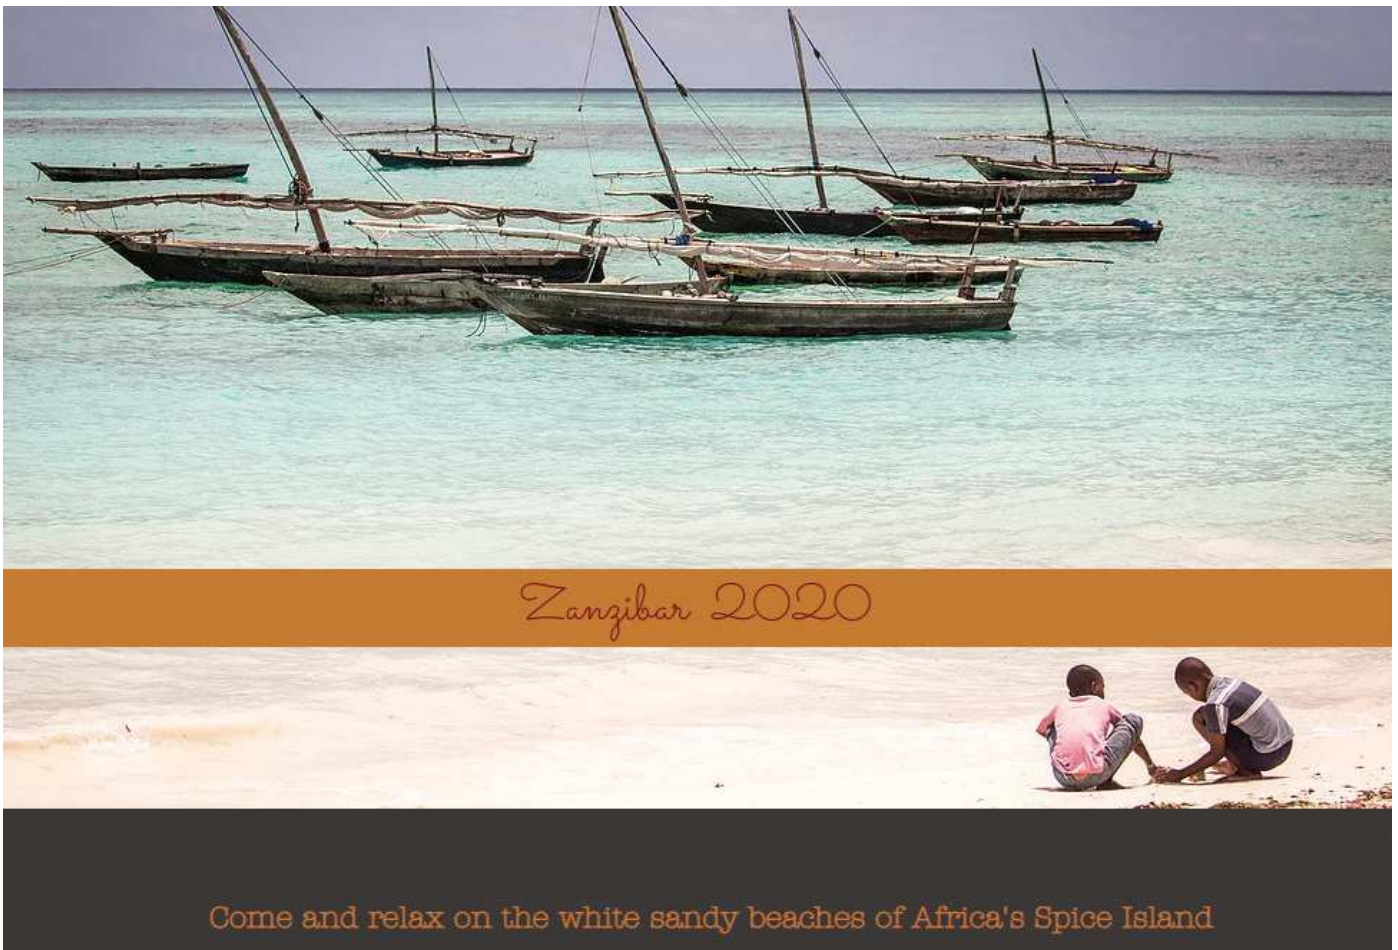

The Great Migration winds through Kenya and Tanzania in a 1,000km long annular circular trek. With this Safari we will look for these animals in Tanzania, in the Northern Parts of the Serengeti. Witness a movement of over a million wildebeest, zebra and other antelope migrate across The Masai Mara and the Serengeti National Park in a clockwise movement, engaging in their courting, mating and birthing rituals. These surreal travels occur at different times of the year and absolutely worth a trip with the possibility of capturing even a snippet of this phenomenon.

## **‘Victoria Falls & Chobe National Park’**

At Victoria Falls you can experience one of the seven natural wonders of the world. You need 2 full days to have enough time to view the falls from the Zimbabwe and Zambia side and do some of the many activities Victoria Falls town have to offer.

Then transfer over to northern Botswana to visit Chobe National Park

Chobe National Park is known for its large herds of elephants and Cape buffalo, which converge along the Chobe Riverfront in the dry months. We do a spectacular sunset cruise on the Chobe River which is a photographer’s paradise and an early morning sunrise game drive.
